*PROTECT THE PEOPLE & PROPERTY  
IN YOUR COMMUNITY  
BY USING WEATHERBANK'S ACCURATE AND  
TIMELY WEATHER SOLUTIONS*

# WEATHERBANK, INC.

is your complete source for weather and environmental services, products and IT solutions.

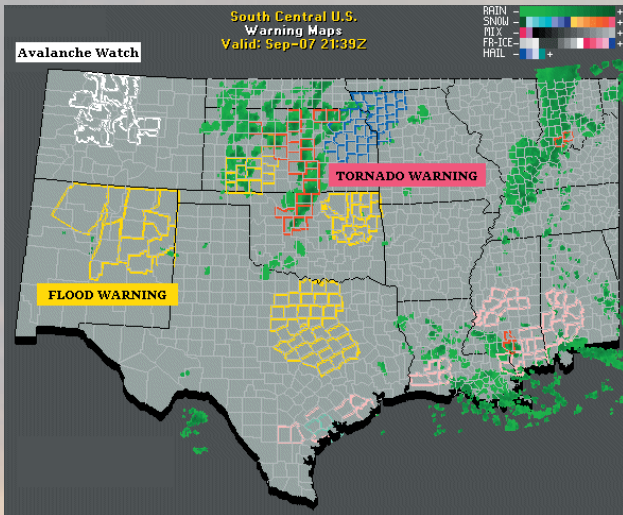

Protecting the people and the property of your community has never been easier or more efficient, than when you receive the accurate and timely weather products from WEATHERBANK.

WEATHERBANK's staff of professionals will work with your team to develop the right **WEATHER RISK MANAGEMENT PROGRAM** that will meet the specific needs of your department and will keep your community safe from adverse weather events.

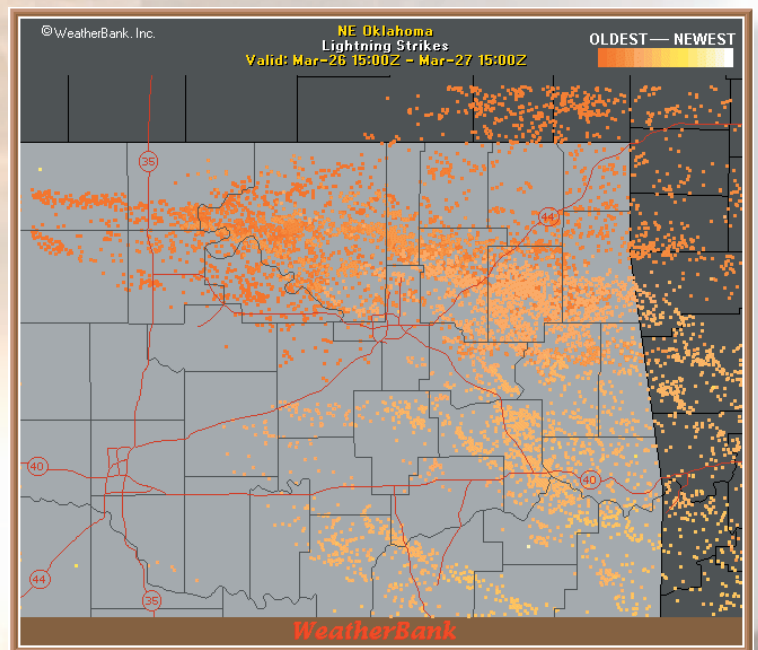

Our program will include our historical weather database, literally hundreds of custom weather products, one or more of our **WEATHERBRIEF®** Services, and around-the-clock monitoring and consultation by our expert staff of meteorologists.

With support from WEATHERBANK, INC., your agency will receive our weather products via many delivery methods, including FTP, XML, custom web sites, and/or digital satellite feed. This redundant access will ensure that your staff operates in the most efficient manner possible, and **ALWAYS** ahead of the storm. No longer will your community be at risk during the unfolding of chaotic and dangerous weather episodes.

Our track record, which spans over three decades, ensures that we have the experience and expertise necessary to protect your community on a 24/7/365 basis. No matter how limited your resources and budget may be, we can design and implement the right program for your agency.
