

THEY'RE BACK!

*REAL-TIME, LIGHTNING DISPLAYS ON
CUSTOM BASE MAPS, DELIVERED OVER
OUR SATELLITE SERVICE OR
OUR CUSTOM WEB SITES*

WEATHERBANK, INC. is pleased to announce that it will again be offering access to Real-Time Lightning data, beginning in April, 2004.

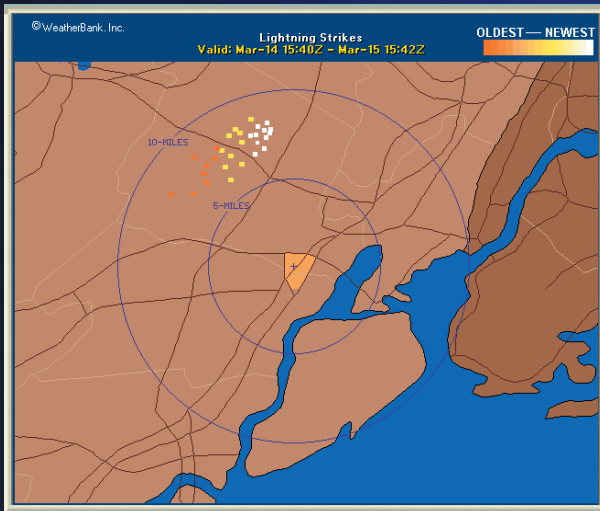

Data will be available in both graphic and text formats, and delivered over our proprietary *WEATHERBRIEF®-SATELLITE SERVICE* and over the Internet with our *WEATHERBRIEF®-NET*, custom weather web sites.

For more information and pricing details, please call us toll-free at:

Whether you're looking for graphical Lightning strike data over standard base maps or custom base maps, we have the unique ability to illustrate strike locations within your specific operating territory. We can also present the Lightning data in a strike text report that is easy to use and assimilate into your operations.
